+2 (School Leaving Certificate)

Viswa Adarsha Higher Secondary School, Itahari

Nov 2019 – Jun 2022

BSc. (Hons) Computing

Itahari International College, Morang

Recommendation Letter :- [Drive Link](#)

MAJOR COLLEGE MODULES & PROJECTS

Final Year Project | [Website Link](#) | **Farmers Friend**

I have developed this web application project using React JS, Node JS, and MySQL for farmers to put their products online and for general people to buy products online.

Application Development | [GitHub Link](#) | **Ropey's DVD**

It was a group-based project developed using .NET Framework and C# Language with group members. The project is about a DVD rental shop and the software manages the DVD rental details

Application Development | [GitHub Link](#) | **Recreation Center**

I have developed a C# Desktop Application project where the system helps the recreation center to manage the visitor's records

Emerging Programming | [GitHub Link](#) | **Watch Inventory**

I have developed this project using Java as Watch Inventory System that manages watches details and also integrated Binary Search that helps to search watches according to their price.

FEW MORE PROJECTS

Login With Passport JS | [GitHub Link](#)

User Management System | [GitHub Link](#)

Connection with 3 Database | [GitHub Link](#)

Chunab App | [GitHub Link](#)

Chat App with React JS, Node JS and Socket.io | [GitHub Link](#)
